

# “About Me” Movie Poster

- o Think about everything that makes you “you.” What you like, dislike, your hobbies, your daily routine, your family, your home, your dreams, etc.
- o Create a poster using a piece of white paper—your name is your “movie title” and everything about you is what your “movie” is about.
- o Your poster must be colorful and feature illustrations. Can’t draw? That’s OK! You can write words that describe you in a fun and colorful way.
- o Your goal is to make your poster interesting so that others will want to get to know you!
